

HENRY M. FLAGLER CALLED BY
THE GRIM REAPER ON TUESDAY

West Palm Beach, Fla., May 20.—Henry M. Flagler aged 83, the noted capitalist and railroad magnate died at his winter home here this morning after an illness of several weeks. The octogenarian sustained a fall from the steps of his home and because of his advanced age his recovery has not been anticipated.

Henry M. Flagler was born at Canandaigua, N. Y., in 1839. Little is known of his early life except that he was clerk in a country grocery in Orleans county, Michigan while yet in his teens. Later he removed to Saginaw, Mich. where engaged in the manufacture of salt. Becoming interested in the possibilities of the petroleum industry he removed to Cleveland, O. where he organized the company of its oil wells. Andrews & Flagler engineering in the refining of oil. The Standard Oil Company was the outgrowth of this venture and Mr. Flagler has remained actively connected with the management of the great corporation since its inception.

In 1885, Mr. Flagler paid his first visit to Florida and became impressed with the business possibilities presented there by the railroads in connection with the development of winter resorts.

Opened Winter Resort
Entering actively into the work of turning Florida into one winter resort Mr. Flagler built the Florida East Coast railroad and later erected the Ponce de Leon and Alcazar hotels at a cost of \$1,000,000.

His greatest achievement, however, was the extension of his railroads from Miami to Key West. For many years his plan was ridiculed as impracticable and was called "the fool's folly." The opening of this overland line is listed as one of the engineering triumphs of the age.

Mr. Flagler formerly was vice president and chairman of the board of directors of the Florida East Coast railway and Jacksonville Terminal company director of the Western Union Telegraph Company, Southern Trust company and other corporations.

For the past two weeks Mr. Flagler had been losing practically all of his faculties and his death was momentarily expected. Several of his relatives and business associates had been summoned to the financier's bedside.

The body will be buried in a mausoleum at St. Augustine in the afternoon.

of the Memorial church, which he gave to the Presbyterians.

At Mr. Flagler's bedside were his son Harry who arrived yesterday from Europe and Rev. Dr. George Morgan his pastor, who will conduct the funeral services.

FOR DELINQUENT CHILDREN

A MOTHER'S LETTER TO MOTHERS

Mrs. E. W. Cooper of Bloomfield, N. J., says: My child seven years old had a bad cold and was weak and quite run down in health. She had been in this condition for about six weeks when I began giving her Vinol. It was a wonderful help to the child, breaking up her cough, quickly and building up her strength. I have also found Vinol a most excellent tonic for keeping up the children's strength during a stage of whooping cough.

Vinol is a wonderful combination of two world-famed tonics—the medicinal body-building elements of cod liver oil and iron for the blood, therefore it is a perfectly safe and reliable for children because it is not a patent medicine, everything in it is printed on every package, so mothers may know what they are giving their children.

Therefore we ask every mother of a weak, sickly or ailing child in this vicinity to try Vinol on our guarantee. N. H. McCullum Drug Co., Dothan, Ala.

Pity the Unpainted House!

Would you go out in the pouring rain wearing your best clothes if you had no protection such as an umbrella or raincoat? Not if you could help it, you say.

Yet so many people expose expensive material to the elements without adequate protection. The building material in your home is expensive and should be protected. Otherwise it will be ruined as surely as the fine clothes you wouldn't wish to wear out in the rain.

Dampness causes decay in wood work. If you keep out the dampness you keep away decay. Paint made with

SILK MILLS STRIKE AT PATTERSON, N. J. MORE ARRESTS AND VIOLENCE

Patterson, N. J., May 20.—Break riots were begun here today by fasted silk mill strikers. A band of 100 men, driven to desperation by hunger, and by the night of the following day, raided the fashionable section of town and stole a number of milk bottles and packages of food from the drug stores. At the same time others began raiding grocery stores. Angry keepers called the police and degenerate fighting, so called.

Fifty seven arrests were made before 9 o'clock in consequence of fighting between strike pickets and deputy sheriffs and policemen in the factory district. One of the prisoners was a girl.

A counter strike was threatened during the day by the special watchmen who had been hired at \$2.00 a day to watch the mills.

WHEN IT RAINS

Many people of this section have been promising to do certain things when it rains.

There is one job that should be done when it rains. The street in Dothan, especially Foster, has holes in them that makes them the worst in the county. They were graded in time but there were places the dirt didn't pack down and the cement travel to and from the Coast Lane has put this street in an unusually bad condition. It is the only one. There are places on nearly every street in town where it should be put in the holes to level up the street and put them in good condition. This is particularly noticed on Foster Street out to the corporate limits.

When it does rain the street condition should do something toward putting the street in a good condition as the county roads.

KEEP A WATCH ON YOUR WORDS

Keep a watch on your words at all times. For words are wonderful things. They are sweet like the honey of heaven. They are like the bees they have stinging stings. They can blow like the warm glow of sunshine. And brighten a lonely life. They can cut in the strife of anger like a cruel two-edged knife. Let them pass through your life unbalanced. If they come to support the weak. To comfort and help the blind. If a bitter revenging spirit. Prompt the words let them in unadvised. They may flash through a brain like lightning. Or fall on a heart like ice.

Keep them back if they're cold and cruel. Under the bur and look and feel. The words make my feelings. Are always slow to heal. May peace guard your lives and ever. From this state of your early youth. May the words that you daily utter. Be the beautiful words of truth.

USE OF CALOMEL PRACTICALLY STOPPED

Dangerous Drug Giving Way for Safe More Reliable Remedy

Hundreds of people in this vicinity alone have stopped the use of dangerous calomel when their liver is acting slowly and take Dodson's Liver Tonic instead.

Dodson's Liver Tonic is always safe and has none of the bad after effects which so often follow the use of calomel. It is a pleasant tasting, vegetable liquid that starts the liver gently and surely and it relieves constipation and biliousness and causes no restriction of habit or diet.

Many preparations have sprung up that imitate the claims made for Dodson's Liver Tonic but remember Dodson's Liver Tonic is the tried and tested remedy that has proven such a good medicine and is so satisfactory to every user—is the reason these imitations are on the market.

Dodson's Liver Tonic cannot hurt anyone and if it fails to do all that is claimed for it W. W. Brown who sells it will give your money back with a smile.
